My Future

I want to get a Mechanical Engineering Apprenticeship.

Choosing my Path

My Step-Dad owns a Mechanical Engineering company and I have been involved with that a bit. I like the job and he has influenced my decisions.

Skills I've Developed

Team Player
Good Communication
Problem Solving

Wider Achievement

I went to work experience on a Wednesday afternoon over 2 years, at Standfast Precision Engineering. This got me interested in the Engineering industry.

I have a part time job at the Craigellachie Hotel as a Kitchen Porter.

My Advice

Don't leave revision until the night before an exam.

Get the grades you need to achieve what you want to do.
