Northern Scot Notes
6 October 2017

Welcome New Build

Assemblies were held on Monday to prepare our students for the move into the new building after the October holidays. The students were given their timetables, wayfinding maps and a New Build Student Guide letter explaining the preparations for the first day in the new school on Wednesday 25th October. The letter is available on our school website.

DYW at Johnstons of Elgin

Last Friday (29th) our seven S5 students completed the three session programme at Johnston's of Elgin. They prepared for and attended a mock interview session and received excellent feedback from the company on their performance. The whole process has provided students with the opportunity to reflect upon career management skills and to gain an insight into the breadth and types of jobs available in the industry. Thanks to Jim Morris of Johnston's for providing an excellent experience for our students once again.

S3 Modern Studies Mock Elections

Following several weeks' preparation, S3 Modern Studies students hosted mock elections with several S1 classes. All of the candidates gave excellent speeches outlining their party's policies for EHS, Moray and Scotland; accompanying leaflets, posters and rosettes were equally impressive. Congratulations go to Chloe McLean of the Smarteeee Parteee and Jack Cranna of the Whale Party. Thereafter, the S3 students considered how the skills developed during the election process met various DYW criteria and reflected on how these would be beneficial Skills for Work.

Home Economics S2 Elective

Last week we welcomed a visiting chef, Mr Phillip Lewis, from Innes House. Mr Lewis managed to communicate his enthusiasm for cooking and his delight was obvious at the student's responses to sampling many different and delicious dishes.
