**Lockers** – To prepare for the move to the new school building any student who currently has a locker will need to clear it out and return the key **NO LATER THAN TUESDAY 3 OCTOBER**. You will be able to get a locker at the new school building and the arrangements for their issue will be notified after the move. If you have a locker you should have received a slip in your Registration Class for you to complete. You should then arrange to return the locker key to the Janitors or office staff in their absence who will sign the slip and you must return the completed slip to the school office. The new build will have more lockers available and so if you do not currently have a locker and would like one you will have the option to apply for one (through the school office) after we have settled into the new school. If anyone has locker number: 18, 45, 46, 52 or 89 please see the office as you won't have a slip! Many thanks.(KTG)
